

SPECIAL POINTS OF INTEREST:

- **Makenzie brings home our "I Am Special" board! Please fill and return Tues. to share with your friends!**
 - **Lexi brings home Ninja, our caterpillar/butterfly and it's journal! Please return Tues. to share what fun you both had over the weekend!**
 - **Next week we fly to Hungary! We taste Hungarian Goulash, put together puzzles (one of their favorite activities), make paper quilts, and try a Hungarian Waltz in Music Class!**
 - **Senora Amey taught us a Spanish greeting for Morning, Afternoon and Evening with the song "Buenos Dias". We counted from 1-10 in Spanish, and worked on a sheet where we connected sums to items.**
 - **A HUGE thank you to Rachael Livernois, Meg Rolph and Jen Cline for being willing to lead our Room Parent responsibilities! God bless you, ladies!**
 - **Mrs. Walterschild would LOVE Wed. Art helpers! Thank you, Leah Davis, for helping us monthly!**
 - **Thanks for your prayers, as Beckett's Dad is deployed this coming week!**
- Have a blessed weekend!**
Mrs. Deb Snow

Kindergarten Corner

VOLUME 5, WEEK 4

SEPTEMBER 8, 2017

This Week in Kindergarten...

Bible Story

We: read "Noah and the Flood". Because of sin, God destroyed the world, but out of love and mercy, He gave mankind one more chance! "Trust in the Lord with all your heart." Psalm 3:5

Reading

We: reviewed "G", divided compound words, used letter tiles, identified beginning (initial) sounds of words, blended 2-3 sounds together, and learned to code short vowels with breves.

Math

We: identified and colored squares, triangles, parallelograms, trapezoids, rhombuses and hexagons. We graphed our favorite apples and acted out positional words and phrases!

Social Studies

We: flew to Germany, tasted German Chocolate cake, made green, feathered "walking" hats, listened to Bach music on the organ (Thanks, Mr. B!) and saw Pastor Snow's slides! (Thanks!)

Science

We: began an APPLE unit! We stamped our favorite apple prints, graphed our choice of apples, made torn-paper APPLE art, and in an experiment, found a "star" inside an apple!

Centers

We: built at our NEW Light table, made apple pies in our Sensory table, sequenced 30 apples, played with Noah's Ark, played "Hi Ho, Apple-Oh!" (math game), and play do and cookie cutters!

Last week, in our ["classroom blog"](#) we featured Oman and our craft and camel race! Next week, check out our APPLE unit pictures!
