We did a worksheet where we had to circle synonyms in the sentences that helps you identify each word in bold. Then in your own words you had to give the identification of the word on the line.

On Monday in social studies we talked about how there is water every where. There are steams, water-fall, and lakes. It was awesome learning that stuff. On Thursday we talked about land-forms. Mrs., Reida showed maps on Google and told some things about the maps. Then we did social studies workbook page 26.

## Science by Ella

This week we are skipping through the science book because Mrs. Reida is going to be gone. So we are going to have a substitute on Friday. That's why Thursday we did an activity in science. We need a plastic cup, a lid, ice cube, cold water, room temperature water, and warm water. On the next page we are going to learn about weather. The activity looks fun.

First we did brain gym. Brain gym is when the teacher tells us to do something and we do it. Next we did hoop exploration. Hoop exploration is when we get a hula hoop.
