

# Wild About Learning!

April 13, 2018

*in Junior Kindergarten!*

## This Week

It was nice to get back to our schedule this week. We spent time talking about addresses and homes which lead to some great discussions about maps and such. Most of the kids have told me their address. If your child was not able to memorize their address yet they can come and tell me it anytime for a prize. We created a map with houses in our room and enjoyed making houses from toothpicks and marshmallows.
